Supply of Renewable Power

Your agreement states that 100% of the electricity supplied under your contract will be from Renewable Source generation. On the next page(s) you can see the certificate statement for CP21 (April 2022 to March 2023). This statement details the guarantee of origin certificates specifically attributed to your consumption over this period.

We're here to help

If you have any questions, you can get in touch using the details at the top of this letter.
